The Honorable Dan Glickman
Permanent Select Committee on Intelligence
House of Representatives
Washington, D.C. 20515

Dear Mr. Glickman:

At this week's current intelligence briefing for HPSCI, you inquired whether CIA had recently done any demographic studies on Israelis and Palestinians. We did perform such a study last year, as part of a larger project on "Israel in the 1990s." Please see the foldout entitled "Demographic Trends in Israel Through the Year 2000," which is in the pocket at the back of the enclosed Intelligence Assessment. [redacted] 25X1

Sincerely, ,

[redacted] 25X1

Douglas J. MacEachin
Acting Deputy Director for Intelligence
